

Cranwich Road saves hours and gains peace of mind thanks to Network Locum’s Clinial Governance Checks

“I love being able to download all the GP’s relevant documents in one click and like the added reassurance that they’ve already been checked by a GP.”

-Paula, Cranwich Road

Challenge

Paula used to spend hours every week chasing, checking and filing GP locum documents. She also spent an hour at the beginning of every locum session inducting new GPs and wanted something to eliminate all of this hassle.

Solution

They switched to Network Locum and reviewed the successful applicant’s documents in just a few clicks. They didn’t need to print documents off because the GP documents are stored online for future reference.

If Paula had found GPs herself she said this would have taken at least 32 hours/month
“Network Locum has proven to be very reliable for us. Patients like the GPs they provide and it made our CQC inspection much easier than in the past. I’ll never use an agency again.”

OOH's Provider adds 55 GPs to their locum bank and dramatically improves continuity of care

"Network Locum is really easy to set up and use. The locum bank feature dramatically improved the continuity of care we could provide to our patients by retaining GP locums who worked with us before."

-Wendy

Challenge

Practice Plc had several salaried vacancies and knew that their patients wanted to see the same GP every time. Agencies would send them different GPs from different CCGs every session and this led to complaints from patients.

Solution

They used Network Locum's My Locum Bank feature to automatically accept applications from local GPs that had worked with them before. Patient satisfaction increased and they now have a reliable pool of locums to provide **cover**.

If Wendy and her colleagues had used agencies, she said it would have resulted in at least **10 complaints a month**.

"Network Locum has really helped us. Patients are happier seeing the same GPs and it's reduced the amount of time we have to spend inducting new GPs." **Wendy**

Practice Plc Reduces recruitment costs by £60,000/year and finds GP in 37 seconds

"I posted a job and an applicant popped up almost straight away. I had to call the Network Locum team just to make sure I wasn't dreaming."

-Carol, Practice Manager

Challenge

Jacqueline often struggled to find GP cover at short notice and when she did agencies would charge over £100/hour. She wanted something to help her find GPs quickly, that wasn't go to break the bank.

Solution

Jacqueline used Network Locum's technology to find GPs in seconds. A GP called in sick the night before he was due to work so she posted a job on Network Locum from home. This triggered smart app, text message and email notifications to be sent to GPs who were available to work in her area.

If X had relied on agencies they said it would have cost at least £60,000/year more and many sessions would have gone unfilled.

"Network Locum have become a valued partner of ours. Practice Managers have found it easy to use and a very effective way of finding locums quickly." *Sarah, Practice Plc*

Adventurous GP wins 9 jobs and earns over £73,000

“Network Locum is really easy to use. I love the fact that it’s all online and the smartphone app is an added bonus.”

-Dr Maqbool, GP Locum

Challenge

Maqbool had decided to move to London and wanted to find work before reviewing his career options. He hadn’t been able to find anything and was travelling prior to moving, so wasn’t available to speak on the phone.

Solution

He used the Network Locum website to find work online and booked sessions for when he returned from his travels.

Maqbool used Network Locum’s

GP Partner increases rates by £10/hr and sets availability to spend more time with family

"With Network Locum I like being able to set my availability and how far I'm willing to work as it means I get targeted notifications about jobs I'm interested in...I've wanted to start something like this for years."

- Dr Ricky, GP Partner

Challenge

Ricky has a young family and a very busy life. He didn't like agencies because they badgered him with phone calls. He was looking for a way to keep his earnings high whilst gaining a bit of flexibility around when he worked.

Solution

Having heard about Network Locum from a friend, he downloaded the smartphone app (in between meetings) and got accepted for a job on the first day he signed up. By setting his profile preferences Ricky was able to stay close to home and he used the "Negotiate Rate" feature to secure a rate of £80/hr.

Newly Qualified GP earns over £45k by working at half the practices in her area and receives ten 5* ratings

"As a newly qualified GP I wanted to experience working in different practices within my local CCG before deciding where I'd like to work more permanently. Having discovered how straightforward it is to find work through Network Locum I've now decided to become a portfolio GP."

- Dr Susan, Portfolio GP

Challenge

Dr Susan knew she needed to find work quickly and pay off her student debts. Finding work on her own was proving to be very time consuming, in particular creating, sending and chasing invoices. She wanted something that helped her connect directly with employers whilst also helping out with administrative tasks and CPD.

Results

Solution

Dr Susan used Network Locum's "Fast payment" feature to secure payment within 72hrs of completing her first job. She created her invoice through the website in a few clicks and was able to track progress online. She also attended several of our free CPD events throughout the year and used the feedback she received from some of her employers in her appraisal.
