

0203 603 0531 - ask for Harry

FAQ practice manager and team,

I just wanted to say hello and introduce ourselves, we are a young team of vibrant individuals who are looking at improving the way you find local locum doctors. Network Locum is unbelievably simple to use - In a couple of clicks you can find your favourite local GP, choose your rates and ensure you never need to use an agency ever again. Join the rapidly growing community of practice managers who signed up for free and are all benefitting from the service, see what some of them have to say...

"I don't tend to use websites often but I found the NL website so easy to use and it was reassuring to know I had a friendly team on the other end of the phone should I have any questions"

Paula

Practice Manager in Shepherd's Bush

"I can better manage locums with the click of a button and see feedback from practice managers before booking. I also find it super useful to be able to view and download the GPs documents at the click of a button"

Anne

Practice Manager in Camden

"I can manage my diary so much more efficiently simply by updating my availability and the areas I wish to work in on the website. NL has changed the way I work for the better"

Jeff
GP in Hackney
